

## PRECAUTIONARY DRINKING WATER ADVISORY

# **Do Not Drink Notice**

**This Notice applies to all residents and users of the Hamlet of Darlings Beach water distribution system and is effective June 17, 2008.**

This Do Not Drink Notice is issued due to elevated levels of Uranium in the well water.

Ministry of Environment and the Hamlet of Darlings Beach are advising all consumers to **NOT USE THE TAP WATER FOR DRINKING AND COOKING UNTIL FURTHER NOTICE.**

**Consumers should do the following:**

**Do Not Drink Your Tap Water – Use Only Bottled Water.** Bottled water or other source of known good quality water should be used for all drinking (including baby formula and juice), brushing teeth, washing dishes, making ice and food preparation.

**Do Not Try and Treat The Water Yourself.** Boiling, freezing, filtering, adding chlorine or other disinfectants, or letting the water stand will not make the water safe.

Potable water is available at the following location: Clancy's on the Beach

You will be informed once tests indicate the water is safe for consumption again.
