

PRECAUTIONARY DRINKING WATER ADVISORY

Do Not Drink Notice

This notice applies to all residents and users of the Lac Pelletier Regional Park Ona's Beach and Darling's Beach water distribution systems and is effective immediately.

This Do Not Drink Notice is issued due to elevated levels of Uranium in the well water.

The Ministry of Environment and the Lac Pelletier Regional Park are advising all consumers to NOT USE THE TAP WATER FOR DRINKING AND COOKING UNTIL FURTHER NOTICE.

Consumers should do the following:

Do Not Drink Your Tap Water – Use Only Bottled Water. Bottled water or other source of known good quality water should be used for all drinking (including baby formula and juice), brushing teeth, washing dishes, making ice and food preparation.

Do Not Try and Treat The Water yourself. Boiling, freezing, filtering, adding chlorine or other disinfectants, or letting the water stand will not make the water safe.

Potable water is available at the following location: Clancy's on the Beach

You will be informed if tests indicate the water is safe for consumption again.

If you require any additional information, please contact the following:
